

Autumn Interest

At Instant Hedges we are forever growing... introducing new products, learning better methods of growing different varieties and forms of plants. Making sure we can deliver only the very best. **We're innovating!** At this time of year plants are getting ready to go to sleep but we are not! We're just getting started, delivering the first plants from our fields as well as our year round container production. Here's a couple of great ideas to help you plan your project. If you need any help or advice, or would like to place an order, then please get in touch.

Acer rubrum Sun Valley

20-25

Wire Root Ball

5 - 6 metres tall

Absolutely stunning autumn foliage on this striking tree. From a distance the iridescent foliage really catches your eye. Closer up the colours are mesmerizing.

Crataegus persimilis Splendens

16-18

Wire Root Ball

4 - 4.5 metres tall

Large glossy green leaves turn red before falling in the autumn. In the autumn/winter clusters of bright red berries are revealed displayed along the branches. White flowers in spring makes this tree exceptional for year round interest.
