

Establishment Guarantee

All stock that *Instant Landscapes* supply is of the highest quality and health at the point of sale. We are so confident in our planting technique and quality of stock that we offer a 1 year Full Establishment on all stock that we plant, on the condition that the basic aftercare has been adhered to. For example ensuring that the tree has sufficient water.

It is critical during this establishment phase that the tree is provided with enough water. For this reason we plant all our trees and hedging with perforated irrigation pipe for deep watering. On larger schemes we can install fully automated irrigation systems for peace of mind.

Our horticultural advisors are happy to provide any information or advice on the aftercare of your new plants and do not hesitate to contact us if they appear to be under stress.

"Instant Landscapes will replace any failed stock with the same size and species planted within a 1 year period from the date of planting, subject to the following conditions"
